PENNSYLVANIA REPUBLICANS

Stay home in November and Pennsylvania gets one-party rule.

Tight races for governor, the House, and
the Senate decide whether Harrisburg
still has a brake.

★ **ECONOMY** — Higher costs plus waste and fraud in
government spending hit workers,
manufacturers, and retirees first.

★ **IMMIGRATION** — Border failures land here—in schools,
hospitals, housing, and public safety.

★ **SOCIALISM** — A Democratic trifecta means bigger
government, more mandates, and less
room for energy and private jobs.

**Vote the full Republican slate.
Midterm turnout is the difference.**
